## **AUGUST 2016**

All:

It is the time of year for our final summer Club tournament, then time for back to school. As always, our schedules will change to adapt to the decrease in usage of all facilities. Please see the attached calendar for dates and times that events will close or limit use of the course or clubhouse.

Special thanks to Doug Garber and Pat Sheik for their work on repairing the supports for the kitchen floor! It is very much appreciated.

A reminder that the Sabetha High Cross Country teams may be using the course for practice in the late afternoons once school resumes. Please be aware of this and thank you for allowing the runners right of way. Please note the upcoming Fairview Open on the calendar. Also, note the Auburn/Sabetha two-day tournament. Saturday will be in Sabetha this year, with the auction and steak dinner following day one. Please plan to come out and play or attend the auction.

The pool will remain open for swimming as long as temperatures and chemicals sustain the need to remain open. Thank you to Dave Remmers and the lifeguarding staff for the last season, and to the volunteers who assist with start-up and break-down each year.

Please do note that special Stag will continue in September, but plan to join us in August. Events are on the calendar.

**The Clubhouse will change hours August 15**, to reflect the change with the school year start. Please make note that the hours of operation will be:

Monday-Tuesday	3:00 to 8:00 p.m.
Wednesday	3:00 to 10:00 p.m. (or as needed)
Thursday-Friday	3:00 to 9:00 p.m.
Saturday-Sunday	11:00 to 7:00 p.m.

The full menu will be reduced to sandwich/appetizer items and fryer only except for Wednesday and Thursday evening meals after August 15. Hannah has done a great job planning specials and trying new menu items, and has had some extremely popular special items. However, due to the perceived needs of the club members at this time, we will be reducing the availability of some menu items for the time being. We apologize for any inconvenience, but at present, membership is primarily using the club for simple items and only dining out on Thursdays. We will still have special events and weekly specials, so anticipate the continued quality you have seen earlier in the year.

Respectfully,

Lynn Hartter  
Board Chairman
