November 2015

Dear Members:

As the season grows colder and we lose daylight, note that our hours will be changing as well. The calendar will be released separately.

Clubhouse/Grill Hours:

Please note our new HD television in the dining room. We will continue to be open Wednesday and Thursday, and will be open during the day Saturday and Sunday if the weather is nice (50 degrees or above).

Wednesday-Thursday: 4:30 p.m. to 8:00 p.m. (open later on Wednesdays as needed)

Saturday-Sunday: 12:00 p.m. to 5:00 p.m.

Please note in keeping with our tradition, we will be closed the entire week of Thanksgiving for fall housecleaning.

Board:

The Board could use an individual willing to volunteer for an open seat. The seat has traditionally planned social events, but all descriptions of committees are negotiable. In the meantime, there is a need for a few people to assist in planning New Year's Eve and other winter events. November did not have an open date for wine tasting when a vendor was available to assist, so this will also be an event we would like to plan for winter.

Thank You:

Thank you to Matt Saylor for organizing a group to install the new HD television and for those that helped. And a special thank you to Darrell Schuette for repairing the foot bridge between one and two with very little notice, for the safety of the cross country runners.

Cart Sheds:

There is currently not a waiting list. Contact Kyle Allen if you need a shed or if you know of changes to a shed assignment/use.

Menu: Cindy Alderfer, Clubhouse Chair, will be working with a small group to revise and update our menu for the upcoming season. If you have input or thoughts, please contact her to share your ideas or e-mail the golf club and we will forward your suggestions to her.

Roundelay:

November 19

Board meeting:

Tentatively, the meeting is set for November 23, 7:00 p.m.

Very Respectfully,

Lynn Hartter, President
